Anderson Making Winning Campaign

J. Randolph Anderson

—Stands for a business administration of State affairs.
—Urges improvement of educational system.
—Seeks advancement of State Institutions.
—Urges improvement of public highways.
—Advocates drainage of overflow and swamp lands.
—Stands for equal rights of property and labor.
—Favors introduction of vital statistics.
—Urges safe system of rural credits.
—Advocates protection of the public health.
—Believes in public regulation of corporations.
—Stands for laws to benefit agriculture.
—Would lease Western and Atlantic Railroad to yield maximum returns to State, and give proper service and protection to people on its line.

SUCH favorable reception has been given the announcement for governor of J. Randolph Anderson of Savannah, in every section of the State, as to indicate his probable election.

Georgia voters are rapidly learning that Mr. Anderson is not only a business candidate, but that he is really the only candidate thoroughly familiar with Georgia's affairs through long connection with and persistent study of them. There are few men in Georgia, who have more intimate knowledge of the State's finances than Mr. Anderson.

Born in Savannah, Ga., September 4, 1861, Mr. Anderson was admitted to the practice of law in 1885. He is a member of the Protestant Episcopal Church, and a vestryman in Christ Church, Savannah; a member of Georgia Chapter No. 3, Royal Arch Masons; member of Landrum Lodge, No. 48, Free and Accepted Masons; member Forest City Lodge, No. 1, Knights of Pythias, and member of Savannah Lodge No. 181, B. P. O. Elks. Mr. Anderson served Chatham county three terms in the house of representatives, 1905-06, 1908-10 and 1911-12; and in the senate of 1913-14, being unanimously elected president of that body. In 1908-09 he was a member of the State Democratic executive committee, and in 1912 went as delegate from the people at large to the national Democratic convention.

RANDOLPH ANDERSON AS HE IS KNOWN AT HOME.

The best estimate of a man is gathered from the opinion of those among whom he lives. At a largely attended and enthusiastic meeting of the business men of Savannah, on April 8, resolutions were unanimously adopted strongly endorsing Mr. Anderson and urging his election. In those resolutions the Savannah business men said in part:

"Randolph Anderson has never betrayed a trust nor disappointed a friend or associate who placed their confidence in him. His business record among the people at home is one of unsullied integrity, his public record has been one of marked activity for the best interests of progressive Georgia.

"He is broad, he is big and he is capable. He is fitted in every way to give to Georgia the benefit of his wide experience."

Chatham county's Democratic executive committee, in unanimously endorsing him, said:

"The people of this county know him to be a man of fine education and ability, of the strictest integrity and of exemplary character; a man who as governor would reflect the best traditions of the state."

WIDELY INDORSED BY STATE PRESS.

Mr. Anderson has been widely endorsed by the State press in every section. "A fine business man and will make a good governor," says the Marietta Journal. Others say:

"Will make a most acceptable governor."—Athens Banner.
"Up to us to get behind him and elect him."—Milled News.
"Will get a good vote in Southwest Georgia."—Bainbridge Searchlight.
"Southwest Georgia papers are all outspoken for him."—Lowry Progress.
"Foremost man of the present legislature."—Macon Telegraph.
"Anderson will distance all hands."—Augusta Chronicle.
"Will carry Southwest Georgia practically solid."—Statesboro News.
"Would make capable and able governor."—Jonesboro News.
"Equal of any man who has filled the governor's chair in the past twenty years."—Tifton Gazette.
And there are many others.

In Memory of Hardy Lenton Hagan.

On the afternoon of April 13th, 1914, the Good Shepherd who careth for his sheep, came and lifted the spirit of our friend and brother into his fold. His death was due to a relapse of pneumonia. He was born Dec. 13th, 1863, in Bulloch county, Ga.

Just two weeks before his death he made an earnest prayer for Oak Grove Sunday-school, of which he was assistant superintendent. We will never forget that prayer. We cannot understand why Brother Harvey should be taken from us, though we may not here see clearly all the things that God hath planned, yet we'll know the reason some time, when we reach the golden land. His natural life has passed from this troublesome earth to the clime of sweet deliverance, but his real life still lives in our hearts, and only eternity will reveal the real worth of his noble Christian life.

Hardy, we miss you, but we feel that heaven now has a greater charm for us, and that your going away will draw us closer to God. He was a member of New Hope M. E. church, south. He united with the church when quite young and lived a Christian, its sure.

There was quite a large number of friends and relatives to pay the last respects to Brother Hardy. There was many a tear, but on every one of them was a rainbow of hope. He has gone, but we know where to find him. May the God of grace comfort the brothers and sister in their sorrow, and may the entire family at last be again united in the immortal life.

Resolved, 1st, that the Oak Grove Sunday-school has lost one of its most devoted and efficient members.

Resolved, 2nd, that we, as a Sunday-school extend our love and sympathy to the bereaved family.

Resolved, 3rd, that a copy be placed on our Sunday-school record and a copy be sent to the county paper.

Mrs. J. F. WILLIAMS,
Mrs. T. J. MORRIS,

TAX EQUALIZERS NEAR END OF WORK

WILL FINISH WORK WITHIN WEEK OR TEN DAYS

The tax equalizers for Bulloch county are nearing the end of their labors for the year, and will complete their work within the next week or ten days.

The board members are entering zealously into the spirit of their work, and it is believed that the people of Bulloch county will grow up and more to approve the new law under which they are operating as they understand it better.

The prevalent idea that the mission of the board is to raise valuations is so wide of the truth that it should be stated that the local board has reduced about half as many as have been increased. This has been necessary to comply with the spirit of the law which provides for equalization of the burden of taxation. Many instances have been found where there was a variance of one hundred per cent or more in the valuations placed upon adjoining farms by their owners. It has been the pleasure of the board to reduce the man who returned too high and to notify him of the reduction. At the same time it has been their duty to raise the man who returned too low and to notify him. In some instances this man has entered slight protest, but there has really been very little "kicking" heard so far.

An item of importance which the board has come in contact with to an amazing degree is the number of voters in the county whose names are not on the digest even for a poll tax, and who have been voting for years. It is the estimate of the board, from the work so far completed, that almost fifty per cent of the persons subject to poll

tax are defaulters. It is stated that the amount of poll taxes collected last year amounted to about 3,000, whereas the white registration for the recent county primary numbered almost 4,000. In addition to this there are fifteen hundred or more negro men who are subject to poll, which would bring the total number of male adults to not less than 5,500. There may be as many as 500 voters not subject to poll taxes, which would still leave 2,000 defaulters out of 5,000 subject to the tax.

It is stated that in a certain district, taking the voting list alphabetically, in the letter "M" there were 25 names on the list, while the tax list for the district contained only 7 names. This can mean only that more than two-thirds of those people are tax defaulters, and it has been the duty of the board to return them as such. In this way alone more than \$1,000 will be collected next fall for the state school fund.

In the 120th district alone it is said that there are more than 200 voters whose names were not on the tax digest. They are there now and will be made to pay their share of the taxes of the county and state. Men with hundreds of acres of land have been, in some instances, returning less than half their holdings as shown by the records in the clerk's office, and have been returning that at very low valuations. They have been allowed to come in with amended returns and save double taxation on that part not first returned.

These are a few instances of the working of the new law. There are many others, and the people are liking it better as they understand it better.

At Bremen, Ga., W. M. Golden, of the Equitable Life Assurance Society, says he found Foley Kidney Pills to be the best remedy for kidney and bladder troubles, and he is a patient. He says: "Any person having kidney trouble, backache or rheumatism should be very glad to find such a wonderful remedy." Sold by Bulloch Drug Co., Albany.

Now we, the people of Bulloch county, in mass meeting assembled do hereby condemn and deplore the use of liquor in our primary elections, and we hereby call on all good people in every militia district to vote and support from any candidate or candidates who may endeavor to buy office with either money or liquor, and we earnestly request that every good citizen turn out for the primary to be held on August 12 and cast his vote for the candidate of his choice, and we urge upon them and we urge upon the members of the next grand jury and upon the members of the democratic executive committee in each militia district to be watchful upon the day of the primary and if any person or persons shall be seen furnishing liquor that their names shall be reported to the next grand jury.

We respectfully suggest to the democratic executive committee that they shall secure written pledges from the candidates for congress and representative in the legislature and judge of the superior court agreeing that they will not directly or indirectly buy or influence votes with either money or liquor before the primary, or on the day of the primary.

Resolved further, That we request the executive committee to adopt a rule and appoint a committee of three to be present at each precinct and to report back to the executive committee and if from such report or other reliable information it appears that any candidate used whiskey directly or indirectly during the campaign to influence votes he be declared ineligible to nomination.

BULLOCH VOTERS CONDEMN WHISKEY

MASSMEETING ADOPTS RESOLUTIONS AGAINST ITS USE IN ELECTIONS

At a massmeeting held in Statesboro last Saturday, there were two hundred or more voters of Bulloch county present. The meeting was held upon the call of the chairman of the democratic executive committee at the request of a large number of citizens of the county, and was for the purpose of taking some action with reference to the suppression of the use of whiskey in future campaigns in the county. That this sentiment was widespread throughout the county was demonstrated by the fact that every district in the county was represented, and the spirit of enthusiasm was high. Many talks were made on the subject and not a word in opposition to the movement was uttered.

There were those present who doubted the authority of the executive committee to pass resolutions governing primary elections which would declare ineligible for office those who, personally or through friends, may have used whiskey in the campaign, still there were none who opposed any effort to control the use of liquor as far as possible.

Talks were made by Messrs. J. A. Brannen, R. Simmons, Simon Nevil, A. A. Turner, P. R. McIlveen, H. B. Strange and others.

Messrs. Turner and Nevil are the present members of the legislature from Bulloch county, and both stated that, as proof that the use of whiskey was not imperative to secure election, neither of them had furnished a drop during their candidacies, either personally or through others.

Upon motion by J. A. Brannen, a committee was appointed by the chair to draft resolutions expressing the sentiment of the meeting, said committee being composed of J. A. Brannen, G. R. Trapnell and J. W. Wright. The report, which was unanimously adopted, was as follows:

Whereas, It is a matter of common knowledge that in several of the last elections held in Bulloch county for the nomination of county officers, whiskey was used by some of the candidates and on the day of the election, and drunkenness was common around the polls in several of the districts of the county;

Now we, the people of Bulloch county, in mass meeting assembled do hereby condemn and deplore the use of liquor in our primary elections, and we hereby call on all good people in every militia district to vote and support from any candidate or candidates who may endeavor to buy office with either money or liquor, and we earnestly request that every good citizen turn out for the primary to be held on August 12 and cast his vote for the candidate of his choice, and we urge upon them and we urge upon the members of the next grand jury and upon the members of the democratic executive committee in each militia district to be watchful upon the day of the primary and if any person or persons shall be seen furnishing liquor that their names shall be reported to the next grand jury.

We respectfully suggest to the democratic executive committee that they shall secure written pledges from the candidates for congress and representative in the legislature and judge of the superior court agreeing that they will not directly or indirectly buy or influence votes with either money or liquor before the primary, or on the day of the primary.

Resolved further, That we request the executive committee to adopt a rule and appoint a committee of three to be present at each precinct and to report back to the executive committee and if from such report or other reliable information it appears that any candidate used whiskey directly or indirectly during the campaign to influence votes he be declared ineligible to nomination.

EXECUTIVE COMMITTEE ADOPTS PRIMARY RULES

LEVIES ASSESSMENTS FOR EXPENSES AND NAMES CERTAIN REQUIREMENTS

The democratic executive committee of Bulloch county hereby declare the following rules and regulations to govern the primary of the democratic party to be held August 19th, 1914, and for the declaring of the result of said primary for the county of Bulloch, to-wit:

The expenses of said primary election shall be defrayed by the following assessments upon candidates: For congressman, \$35; for judge of the superior court, \$17.50; for representatives, \$10. Same shall be paid in to the secretary and treasurer by noon of July 20th, 1914, and no entries or assessments shall be received after that time.

The freeholders for said primary shall be chosen by the members of the executive committee from each district, and shall be paid for their services as follows: Managers, \$2; clerks, \$1.25; bringing returns in from the different county precincts, \$2.

The polls shall open and close as provided by law for election of members to the general assembly.

No candidate shall be declared the nominee of the democratic party of Bulloch county for any office voted for at said primary when proof has been submitted before the declaring of the result to the chairman of the executive committee, that he used, to influence voters in his favor or permitted others to use for the purpose of influencing voters for him, either money or whiskey.

Upon affidavit being made that any candidate did use whiskey or money in said primary before the declaring of the result, the chairman of the executive committee shall cause not less than twelve hours written notice to be served upon the alleged user stating the charge, at which time he would have the right to appear and refute said charges. If he cannot do so to the satisfaction of the members of the executive committee, the candidate for said office receiving the next highest vote shall be declared the nominee of the democratic party of Bulloch county.

To the end that the above rule may be carried out and the use of whiskey and money be eliminated from the primaries of this county, we hereby appoint the members of the executive committee of each district, together with three other reputable citizens who shall be by them selected, the special duty of whom shall be to note and report any violations of the above rule in reference to the use of whiskey and money to the chairman of this committee. That said three members shall be appointed and their names reported back to the secretary and treasurer by not later than June 15th, 1914.

All white democrats shall be entitled to vote at said primary who are duly registered; provided they do not appear to be intoxicated and are not intoxicated, and the managers are hereby instructed and directed not to permit any voter who is intoxicated to vote; and should an intoxicated person be permitted to vote, the same shall be ground for contest if made before the declaring of the result.

Also that each candidate for congress, judge of the superior court, and representative from this county, file a pledge with the secretary and treasurer of the executive committee that he will not use whiskey or money to influence voters to cast their ballots for him, and that he will not knowingly permit anyone else to do so for him.

Above rules passed by the democratic executive committee of Bulloch county June 6th, 1914. J. L. RENFROE, Chairman. DAN N. RIGGS, Sec. and Treas.

Statesboro Chautauqua week is coming! For six days the entertainment will continue, every evening from June 26th to July 2.

The program for the six days is one that could not be surpassed, and comprises everything from ragtime music to grand opera, and from comedy to philosophy. The selections have been made by Statesboro young men, who understand the whims and fancies of Statesboro audiences, and there is something coming during the course that will appeal to every taste.

In the musical numbers are the Oxford company, the Hawkeye Glee Club, and Miss Sibyl Samis McDermid. The other numbers are H. W. Sears, humorist; Mrs. LaSalle Corbett Pickett, lecturer, and the Avon Sketch Club, entertainers. With this latter comes also Mr. Glenn Wells, known as one of the highest class specialists on the public platform.

Of Dr. Sears, the lecturer, it is said that he is a born lecturer, who, with word pictures, sound logic, true philosophy and gospel ethics, seasoned with good spirits, pathos and soul-stirring eloquence, drives out the blues. "He is unique and without a peer to entertain and edify an audience on any occasion."

Mrs. Pickett, who is related to the famous Confederate general of that name, as might be supposed from her subject, "In Studies of Yesterday," will lecture on the history of the civil war, especially touching the famous "Pickett's Charge," known of by every school child. She will bring a fund of information that will be appreciated by the lovers of true history of the days of the '60s.

Probably one of the strongest, if not the very strongest feature of the week, will be the Oxford Company. Their program will consist of instrumental and vocal music of the very highest class; also drama of the lighter kind, which is so much enjoyed by Statesboro audiences. The company consists of four artists, whose recommendations are of the very highest.

Nothing delights Statesboro people more than a high class male quartette, just such as is coming in the Hawkeye Glee Club. The "Hawkeyes" are prepared to contribute their share to meet the demand for music and humor in a high class vocal and instrumental program.

The lovers of the best in vocal music will look forward to the coming of Miss McDermid, who is recognized as one of the highest class singers before the public in chautauqua work.

Taken all together, the program for the week could not have been improved upon. Statesboro people have a keen sense of appreciation of merit, and will show their appreciation by a liberal attendance upon the week's entertainment.

The young men who have undertaken to provide the program have assumed a heavy burden with no hope of reward except the general good. The series have cost approximately \$600, which will mean that the door receipts for each evening must be at least \$100 to defray expenses.

Tickets are now on sale at Barrett's ice cream parlors at the following rates: Double ticket, \$4; single ticket, \$2; children below the eighth grade in school, \$1; admission, 25 and 50 cents.

POLITICAL SPEECHES CAUSE OF FRICTION

School Patron Protests Against Political Speeches

From reports received from the Reedy Branch school community, it would seem that Col. Overstreet ran against a warm member when he undertook to deliver a political speech at the closing of that school last week. It is said that the Colonel was invited to deliver an educational address, but diverged to the extent that he aroused the resentment of Mr. W. W. Miller, a patron of the school, who objected to his slighting reference to Congressman Edwards and his work. Mr. Miller was not loath to express his sentiments, and arose during the speech and called Mr. Overstreet down. He gave it as his opinion that a school closing was not a proper place for a political harangue, and that Mr. Overstreet's conduct in attacking Mr. Edwards was a travesty upon the occasion. The incident was settled without any great unpleasantness, but it was the occasion of considerable comment, and has been since. Many have been heard to express the belief that Mr. Overstreet injured himself by taking occasion to attack Mr. Edwards under such circumstances, and that he probably lost votes if he ever had any there.

In this connection, without any special reference to the instance mentioned, it might be stated that there is a growing feeling that it is a mistake to allow political speaking on such occasions. Many of the schools of the county are held together only with the greatest difficulty because of the little differences that arise in neighborhoods, and political gatherings never serve to solidify neighborhoods. The feeling is general that the candidate or his friend who takes advantage of such occasions to boost his cause, and to tear down his opponent in his absence, is committing a wrong against the community, inasmuch as such conduct inevitably divides communities to some extent. The general feeling is that the candidate who wishes to be heard ought to set a date independently of these school festivities, and take his chances at getting the people to come out and hear him.

Nothing delights Statesboro people more than a high class male quartette, just such as is coming in the Hawkeye Glee Club. The "Hawkeyes" are prepared to contribute their share to meet the demand for music and humor in a high class vocal and instrumental program.

The lovers of the best in vocal music will look forward to the coming of Miss McDermid, who is recognized as one of the highest class singers before the public in chautauqua work.

and Closes Saturday, July 4th, 10.30 P. M.

WE BOW TO THE PUBLIC AND OUR CUSTOMERS

for the one hundred per cent and over increase in our business since January 1st up to the present date, as compared with the same period in 1913; and the increase in our business is due to just two causes:

First, we had the merchandise that you wanted and at the price you liked to pay. The volume of our business has been good, though the profits just normal; still we are willing, and are going to clean up our stock of summer merchandise at any price it may take to sell in the next fifteen days. Sixty days ago we expected to put on this sale in August, though our business has been so much better than our expectation, and now we are going to begin the clearance sale on the 18th inst. for fifteen days, and we want to call special attention to the fact that this is not one of those weekly, thirty, or sixty-day sales that so often waste printer's ink. This is a bona fide sale, and you will find everything just as we advertise it. The masses of people who know our stock don't need any explanation, though for the benefit of the few who are not acquainted with our class of merchandise, we invite you to come and criticise all departments, and your decision will be that each and every department is full and overflowing with new, fresh, clean, desirable and dependable merchandise from the best manufacturers the country affords.

Please read every word over until you memorize every word of this advertisement. IT WILL MEAN DOLLARS FOR YOU AND BUSINESS FOR US.

Now, note the difference in price of the entire stock, what they are worth and readily sold at, and what we are offering the same goods at during this sale. These prices are for cash only. So please don't embarrass yourself and us by asking that your purchases be charged; though to our credit customers goods will be charged at regular prices if desired.

No goods sent out C. O. D. or on approval, nor samples submitted

though you have our usual guarantee on everything sold during this sale.

TOO MUCH GASOLINE; AUTOMOBILE BURNS NEW SAXON CAR OF ELI KENNEDY'S BADLY BURNED

The new Saxon automobile belonging to Mr. Eli Kennedy was badly damaged by fire Sunday morning. The fire occurred at the Averitt garage about 9 o'clock and was witnessed by Mr. Lonnie Ray and the owner—that is, Mr. Kennedy saw the start but didn't wait for the finish.

The fire was caused from spilling a quantity of gasoline over the hood and in the body of the car when filling the tank. In starting the engine there was an ignition and the car was ablaze in a jiffy. There was a quart or more of the loose fuel, and the fire was hot from the start. It soon spread to the gasoline tank and the flames shot several feet into the air.

Mr. Kennedy admits that he looked for a convenient hiding place, and espied the lively stable a few yards distant. He made a run for it expecting to hear an explosion before he could reach it, but he outran danger and soon reached a safe spot. More familiar with the ways of gasoline, Mr. Ray stood his ground and pawed the earth in handfuls, which he threw upon the burning machine. He soon had the car pretty well covered with dirt, but by that time the body was burned almost entirely off.

The damage did not extend to the tires, and even the machinery was only slightly damaged. Mr. Kennedy carried insurance sufficient to cover the loss.

Sluggish Livers
STARTED PLEASANTLY
No Need to Risk Disagreeable Dangerous Calomel, Now That Dodson's Liver Tonic Takes Its Place
Plenty of people—thousands of them—have found that it is no longer necessary to risk being "all knocked out" by taking calomel when constipated or suffering from a sluggish liver.

Nowadays Dodson's Liver Tonic takes the place of calomel. What calomel does unpleasantly and often with danger, Dodson's Liver Tonic does for you safely and pleasantly, with no pain and no gripes. It does not interfere in any way with your regular business, habits or diet.

Calomel is a poison, a form of mercury, a mineral. Dodson's Liver Tonic is an all-vegetable liquid. Of course, this reliable remedy has its imitators. But Dodson's Liver Tonic has been made to take the place of calomel right from the start. The label on the bottle always has said so, beginning with the first bottle sold. And it is widely known today how good Dodson's Liver Tonic is as a remedy, and that Dodson never makes extravagant statements. He says that it "lives the liver," overcomes constipation agreeably and makes you feel good, and if you are not satisfied completely with it, W. H. Ellis Co. or Lively will hand back the purchase price (Soc.) to you with a smile. Such statements could not be made without true merit to back them up and it is easy for you to prove them for yourself at no cost if you are not satisfied and convinced—Adv.

BULLOCK TIMES, STATESBORO, GEORGIA.

Card From C. H. Parrish.

Editor BULLOCK TIMES:

Will you please allow me space in your paper to express myself as to how I stand in regard to the creation of Candler county?

One year ago I opposed the passage of that bill because there was a strong sentiment in this county against its creation, and as I was elected to serve the people as best I could explain my position at that time. But since I came home from Atlanta I find public sentiment has changed and but little opposition now exists. I have been assured by representative men of the proposed county that the county line as it now stands has been set back from their proposed county map lines, so that it is now about one mile in Statesboro's favor.

That is the nearest point involved. Now, with this assurance and as I have said, with public sentiment as strong as it is in favor of the creation of Candler county, and with the bill now pending in the house, if it passes the house and comes to the senate I feel that it will be my duty to give it my support. Yours respectfully,
C. H. PARRISH.

Bladder irritations, kidney troubles, dull headaches, weariness, pain in back and sides, all show the kidneys need to be toned up, strengthened, their regular action restored. Foley Kidney Pills will do it surely and quickly. They get good health, freedom from pain, a return of sleep and sound sleep. Try them. Sold by Bulloch Drug Co.—Adv.

Mrs. A. W. Patterson.

Mrs. A. W. Patterson, wife of Elder Patterson, died Friday afternoon at her home in this city. She had been an invalid for ten years or more, and a greater part of that time was confined to her bed. The last illness, which culminated in her death, extended over a period of about five months, during which time her death had been constantly expected. The funeral was conducted by Elder Barwick Sunday afternoon from the Primitive Baptist church, and was attended by a packed house, indicating the esteem in which the deceased was held in the community.

Surviving Mrs. Patterson are her husband and two daughters and three sons—Misses Louise and Adeline Patterson, and Messrs. J. M. R. B. and A. F. Patterson. All were present at the funeral, those from a distance having been notified by wire of their mother's death.

All Day Sing.

There will be an all day sing at the Brannen school house, three miles east of Statesboro, Sunday, June 21st. Prof. J. J. Womack and others will have charge of the singing. Everybody come and enjoy the day.

Has Inside Information.

(Savannah Press.)

The announcement of Senator Parrish, contained in a card published elsewhere in this issue, that he will support the movement to create Candler county at the coming session of the legislature, will be read with interest by the people of Bulloch county.—Bulloch Times.

Our private information is that the Bulloch county politicians want to get rid of that part of the county that wishes to attach itself to Candler. We hear the Metter boys literally "ate 'em up" in the last primary. They showed those Statesboro politicians that they were no longer the main squeeze in Bulloch county politics.

USE OF CALOMEL IS RAPIDLY FALLING OFF

Fewer People Risking Dangerous Drug—Thousands Taking Dodson's Liver Tonic Instead.

The use of calomel, which is a poison and a form of mercury, seems to be decidedly diminishing nowadays. Dodson's Liver Tonic takes its place so reliably in cases of constipation and liver trouble that its popularity is spreading more widely all the time.

Dodson's Liver Tonic is a harmless vegetable fluid. What calomel does unpleasantly—often with danger—for constipation and sluggish liver, Dodson's Liver Tonic does for you safely and pleasantly, with no pain and no gripes. It does not interfere in any way with your regular business, habits or diet.

So successful, so reliable and so popular a remedy, has its imitators, naturally. But beware of them. You can easily detect the difference.

Dodson never makes extravagant statements. His Liver Tonic has been made from the first to take the place of calomel. He says that it "lives the liver," overcomes constipation agreeably and makes you feel good. If you are not satisfied completely with Dodson's Liver Tonic, W. H. Ellis Co. or Lively's will hand back the purchase price (Soc.) to you cheerfully, instantly and without question. Hence you run no risks to health or pocketbook in giving it a trial.—Adv.

Going Away?

If so, and you are wise, you will carry your money in the form of

Travelers' Checks

which are issued in denominations of \$10, \$20, \$50, and \$100.

They are safe, convenient and economical and are available everywhere. They are useless to anyone else, as they must be countersigned with your signature. If stolen or lost, they may be replaced.

It is the part of wisdom to take them instead of currency even on short trips. They will pay your Hotel Bill, buy your Railroad and Steamship Tickets, and be accepted as cash by the Large Stores.

In 1880 Statesboro had 20 people.
In 1890 Statesboro had 525 people.
In 1900 Statesboro had 1,600 people.
In 1910 Statesboro had 2,670 people.
In 1914 Statesboro had 3,200 people.

Statesboro has a banking capital of \$300,000, and deposits of more than \$1,000,000.

Statesboro has about one hundred business places, and sells millions of dollars worth of goods every year.

Statesboro has four railroads radiating in every section of Bulloch county.

Statesboro has the best educational institutions in Southeast Georgia.

Open Cotton July 1st.

Mr. J. W. Powell, farmer for Mr. J. W. Williams, at Adabelle, sent to the city yesterday a grown cotton boll, which from every indication would have been open in two weeks.

Mention has heretofore been made of Mr. Powell's ten acres from which he expects to bring in the first bale of the season.

It was at first stated that the boll was expected to reach the market by the first of August, but the cotton is doing so well that he feels assured of making it a week or ten days earlier than that.

Still another early boll was received at the Trans office yesterday from the farm of D. B. Franklin, near Clito.

There were a number of almost grown bolls on a stalk sent in by Mr. Franklin, and there were a dozen or more bolls.

Mr. Franklin has 175 acres in his patch, and it seems possible that he will have his first bale by the 15th of July or earlier.

EDWARDS DESERVES CREDIT FOR THE WORK

Secured Appropriation for Public Building and Site.

The following correspondence is self explanatory:

STATESBORO, Ga., May 27, 1914.
Hon. Frank Clark, Chairman, Committee on Public Buildings and Grounds, House of Representatives, Washington, D. C.

Dear Sir: I want to get some information from you concerning the public building that we under stand is to be built here. Congressman Edwards' friends contend that he got through the item for a building site at this place. On the other hand, those who are not friendly to Mr. Edwards contend that he had nothing to do with it. Will you kindly advise me whether or not Mr. Edwards is entitled to the credit of having gotten the public site for Statesboro?

Also, some contend that the public building for Statesboro has not been authorized by law. Won't you kindly advise me whether or not a public building has been authorized for Statesboro. Mr. Edwards' friends contend that the building has been authorized, and that it will follow automatically.

Awaiting your reply, which will be appreciated, I am yours very truly,
BROOKS SIMMONS.

HOUSE OF REPRESENTATIVES, WASHINGTON, D. C., June 5, 1914.

Mr. Brooks Simmons, Statesboro, Ga.

Dear Sir: Upon my return from Florida today, I find your favor of May 27th, with relation to the matter of the construction of a public building at Statesboro.

In reply to your questions, I desire to say that all the bills for the public buildings bill of June 25th, 1910, a site for a public building to cost not exceeding \$7,500, was provided for at Statesboro, Ga. This was done as a part of the work of Mr. Edwards.

In the bill of March 4th, 1913, the building was authorized at
